### KEY FEATURES:

- **GUNS ARE YOUR FRIENDS (AWWW)!**

Rescue and team up with charismatic, talking guns to become the deadliest intergalactic bounty hunter the cosmos has ever seen. Each weapon has its own unique personality, and you'll get to know these guns (in a cool and normal way) during your journey. They'll share their thoughts and perspectives during pivotal moments, and the decisions you make can lead to different outcomes in the story.

- **GO ALL OVER THE PLACE!**

Navigate dynamic and changing worlds that include a jungle paradise, a city built inside of an asteroid, the hub of the cosmos, and a variety of other strange places. These aren't one-way trips, either. Hunters can revisit planets to track down collectibles, rescue human stragglers, and discover Exciting Narrative Surprises.

- **TAKE THE LAW INTO YOUR HANDS OR WHATEVER!**

Leverage the unique skills of each gun to go up against a variety of criminals as you track down the nefarious Garmantuous and his gang of alien goons. Hunters are encouraged to strategically choose the best gun for every situation, sizing up enemies and swapping weapons on the fly. Just so you know, these guys have all been extensively researched. They use humans as drugs, so it's totally cool that you're doing this. Seriously.

- **DO SOME OTHER STUFF!**

Hunters can hone their skills in replayable Hunter Challenges, earning in-game resources to buy upgrades and an array of alien technology. Warp Bases can be used to recharge your bounty hunter suit and special ammo -- or even enemy encounters when you're feeling bloodthirsty. Get to know a bunch of weird, fun, and hilarious, NPCs! Did we mention that the guns talk?

## **ABOUT SQUANCH GAMES**

Justin Roiland is the co-founder and CEO of Squanch Games, a studio that aims to bring his vision of creating edgy, weird, and comedic experiences within the Justin Roiland universe to players across multiple platforms to life. At Squanch Games, we make stuff that people love. Games that we want to play ourselves. Experiences that we would like to enjoy and be totally immersed in hours at a time -- as well as shorter, crazier experiences that would be great to play with a group of friends, or possibly with stray homeless people that you invited in so you could feed and bathe them.
